“ Like a lot of people in the UK I was reckless and careless in my younger years with regards to credit. I've just been approved for finance with Go Car Credit, which I never thought I could ever get. Thanks Go Car Credit for giving me that chance and believing in peoples future not judging on the past. ”

Dealer Testimonials'

“ Go Car Credit allows us to maintain our offering to help people with a challenging credit history purchase a car. Their ethical approach to lending let us sell more cars and maintains healthy profitability for us in such a challenging marketplace. Their lack of 'computer says NO!' attitude helps us have a unique offering within the motor sector and their willingness to look at every deal and assist wherever possible makes them a great partner to work with - They 'GET' our business!

Direct Car Supply

“ Concept Car Credit is delighted to consider itself an important dealer partner of Go Car Credit. We have been hugely impressed with the professionalism of Go Car Credit's staff, the efficiency of its underwriting and pay out teams and the niche product 'Go' has brought to the non-prime segment of the motor finance industry. Go Car Credit has helped Concept achieve record volumes of car sales over the past two years and we now consider 'Go' as one of the key finance providers to our 200 or so new customers every month. We are most impressed with the long-term view Go Car Credit has taken, evidenced by the detailed analysis and segmentation 'Go' regularly carries out on the business Concept has introduced. This has helped us to focus on improving productivity, efficiencies and conversion rates through a better understanding of Go's typical customer profile. 'Go' looks like a forward-thinking, innovative finance provider and we hope to continue enjoying its support for many years to come.

Concept Car Credit
